

REMARKS

Claims 1-12 are in the application. Claims 1-12 are rejected under the judicially created doctrine of obviousness type double patenting as being unpatentable over claims 1-12 of U.S. Patent No. 6339201.

5 A terminal disclaimer in compliance with 37 CFR 1.321(c) is attached to overcome the non-statutory double patenting ground of rejection.

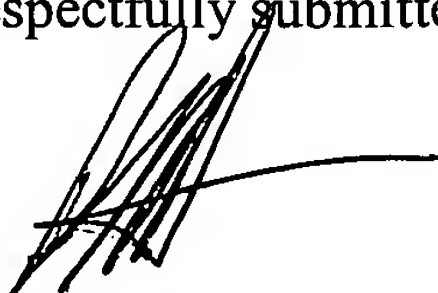

Attached are corrected drawings. The shading initially shown in opening 157A of Fig. 38 is removed.

10 It is our understanding that, with this amendment, the application is now in condition for allowance. Early and favorable reconsideration by the Examiner is respectfully requested. If the Examiner believes that additional issues may be resolved by a telephone interview, the Examiner is requested to telephone the undersigned attorney.

15 The commissioner is hereby authorized to charge any additional fees which may be required for the amendment to Deposit Account No. 50-1561 of Greenberg Traurig, LLP.

20 In the event that an extension of time is required to make this Amendment timely filed, the Commissioner is requested to grant a petition for that extension of time which is required to make this response timely and is hereby authorize to charge any fee for such an extension of time to Deposit Account No. 50-1561 of Greenberg Traurig, LLP.

Respectfully submitted,
